

# Marine Bird Research in the Hudson Strait Area

Grant Gilchrist, Tony Gaston, Birgit Braune, Michael Janssen and Christie Macdonald; Environment Canada

Sam Iverson and Jennifer Provencher; Carleton University

## East Bay:

- Eider duck population studies
- Contaminant assessments
- Parasite studies
- Long distance and local eider movements
- Avian disease monitoring
- Climate change & reproduction success studies
- Long distance herring gull movements

## Coats Island:

- Murre population and diet studies
- Local murre movements
- Long term contaminant monitoring
- Bear predation on bird colonies
- Glaucous gull population studies

## Diggs Sound:

- Coastal eider duck surveys
- Murre population and diet studies
- Local murre movements
- Contaminant assessments
- Bear predation on bird colonies
- Gull surveys

## Cape Dorset:

- Coastal eider duck surveys
- Contaminant assessments
- Parasite studies
- Bear predation on bird colonies
- Gull surveys

## Frobisher Bay:

- Coastal eider duck surveys
- Avian disease monitoring
- Bear predation on bird colonies
- Gull surveys

## Ungava Region:

- Coastal eider duck surveys
- Avian disease monitoring
- Bear predation on bird colonies
- Gull surveys

## Belcher Islands:

- Eider duck feeding studies
- Contaminant assessments
- Parasite studies
- Eider winter habitat
- Avian disease monitoring
